MEMORANDUM FOR: Director of Central Intelligence

SUBJECT : Space Panel Meeting

This is to advise you that on Tuesday, 19 November, there will be a one-day meeting of the Agency's Space Panel chaired by Dr. Simon Ramo. This Panel has not met since January and the primary purpose of the meeting is to update the members substantively on events since then. We do not plan to place any major issues before the Panel at this time. Because of the shortness of the meeting and the absence of major issues we have neither planned any social functions for the members nor attempted to schedule a meeting between yourself and the Panel. If, however, you do desire to consult with the Panel we would of course be happy to arrange it.

CARL E. DUCKETT
Deputy Director
for
Science and Technology
